

Morawa Town Hall - Kitchen Project

Update # 4 – 21st January 2019

Since December work has been progressing on the Kitchen renovation project. We are pleased to advise that we are very close to the finish line with only a few minor details to be finalised. Here are some of the latest new installations

- Servery Cabinetry and Bench tops & Roller Shutters
- Stainless Steel Benches and Sink
- R12 Non-Slip Flooring
- Lighting & Electrics
- Subway Tiles & Paintwork
- Dual Fuel Stoves/Ovens
- 2 X Rangehoods
- 2 X TME 1000 Skope Glass Door Fridges
- Washtech XU Under counter Dishwasher

Left to complete

- A couple of final plumbing and gas items – this week
- Minor Paint & Touch Up works to be completed
- Electrical Plug to be installed on one electrical down pendant

Once these tasks are completed we will then undertake a final clean and refill kitchen with our crockery, cutlery and equipment.

We look forward to informing you all of the final project completion and an anticipated opening celebration event so you can check out the new kitchen facility for yourselves. The new kitchen upgrade will certainly make catering for events in our beautiful town hall all that more enjoyable in the future.
