

SHIRE OF MORAWA

SCHEDULE OF FEES AND CHARGES 2022-2023

Fees and Charges

Each year Council is required to determine fees and charges for services it provides. In the setting of the fees for its goods and services, the Council is endeavouring to adopt a "user-pays" principle, while being ever mindful of the capacity of the client to pay the fees being set out. Accordingly, the fees set by Council in some cases will not recover the full cost of providing the goods and services. The fees and charges are made up of fees provided under relevant Acts and fees determined by Council.

Section 6.16 (1) of the Local Government Act 1995 (Act), provides that " a Council may charge and recover an approved fee for any service it provides."

Section 6.16 (2) describes the services for which an approved fee may be charged. These include:

- Allowing admission to any building or enclosure.
- Supplying a service or carrying out work at the request of a person.
- Giving information.
- Receiving and application for approval, granting approval, making an inspection and issuing a licence, permit, authorisation or certificate.
- Supplying goods.
- Such other service as may be prescribed.

Effect of other Acts

Section 6.18 (1) If the amount of a fee for a service is determined under another Act:

- Council may not determine an amount that is inconsistent with the amount determined under the other written law or Act, and
- Council may not charge a fee in addition to the amount determined under the other written law or Act.

Section 6.19 (2) If the charging of a fee for a service is prohibited under another Act, a Council must not charge a fee for the service under this Act.

While every effort has been made to cover all fees and charges applicable to 2022-2023, a need may arise to introduce a new fee or charge that is unforeseen at this time. Changes to the application of GST may occur if the current legislation changes during the year. Any changes to the application of the GST will be altered as soon as notification is received.

The Statutory fees and charges that have been included in this document are the last advertised charges that were available to Council at the time of producing this document and may change on 1 July 2021.

Fees and Charges

Establishment of a Fee or Charge

The key steps to identifying a fee or charge are:

- Identifying which activities, functions or programs to which a fee or charge will apply.
- Identifying the full cost of providing the service.
- Identifying and quantifying Community Service Obligations.
- Confirming and agreed pricing policy for the Council.
- Confirming the agreed fee or charge to be levied.
- Confirming if any subsidies on the fee or charge will apply.

The fees and charges included in this document will be charged to all of Council's clients that avail themselves of the Council's goods and services.

Codes have been used to distinguish between each policy (as shown below), and these appear beside the various fees contained in this document to be charged in the ensuing year.

A These items are priced at the figure stipulated by legislation.

At the time of adoption, fees classified as Type A, that is fees charged under relevant legislation were current. Subsequent changes to legislation may alter the price and the new price will be added to the Fees and Charges schedule commencing from the date authorised by the amended legislation

B These items are priced so as to return a total cost recovery for the activities provided.

C These items are priced to cover the cost of the item plus normal commercial mark-ups.

D These items are priced below the cost of providing this activity as Council considers that full cost recovery would deprive members of the community of the ability to participate/ enjoy these activities.

Goods and Services Tax

Those goods and/or services that are subject to GST have been identified in the attached Schedule of Fees and Charges by the description of Taxable and have GST included in the price.

Commercial Sensitivity

Where a fee or charge can be subjected to commercial competition, the cost of such charges has been classified as "Price on Application" (POA) to ensure Council's competitive position. A quotation can be supplied that will list the various components of the fee or charge on request.
