11.1.2 WAPC Subdivision Application No. 162090

Author: Planning Officer

Authorising Officer: CEO

Disclosure of Interest: The Author and Authorising Officer declare that they do not have any conflicts of interest in relation to this item.

OFFICER'S RECOMMENDATION/ RESOLUTION**220403****Moved: Cr Stokes****Seconded: Cr Coaker**

That in regard to WAPC Subdivision No.162090 Council resolves:

1. **Not to object to subdivision application Western Australian Planning Commission (WAPC) No. 162090 from Hille Thompson & Delfos on behalf of Mr Christopher Croot for Lot No's 3635 & 11470 North East Canna Road, Canna and does not seek to impose any conditions.**
2. **To suggest to the WAPC that it not apply a Bushfire Attack Level Assessment to Subdivision No. 162090 in this instance as the subdivision does not create any additional lots and a Bushfire Attack Level Assessment will still be applicable in any future approvals for dwellings etc.**

CARRIED BY SIMPLE MAJORITY 6/0

PURPOSE

Council is requested to provide comment of support to the Western Australian Planning Commission (WAPC) in respect of the subdivision Lot No's 3635 & 11470 North East Canna Road.

DETAIL

The Western Australian Planning Commission (WAPC) is generally not supportive of the subdivision of Rural zoned land. However, *Development Control Policy 3.4 – Subdivision of Rural Land (DC 3.4)* in particular, clause 6 states that rural subdivision will only be considered in the following exceptional circumstances:

- a. *to realign lot boundaries with no increase in the number of lots, where the resultant lots will not adversely affect rural land uses;*
- b. *to protect and actively conserve places of cultural and natural heritage;*
- c. *to allow for the efficient provision of utilities and infrastructure and/or for access to natural resources;*
- d. *in the Homestead lot policy area, to allow for the continued occupation of existing homesteads when they are no longer used as part of a farming operation; and*

- e. *for other unusual or unanticipated purposes which, in the opinion of the WAPC, do not conflict with this and other relevant policies and are necessary to the public interest.*

The WAPC Subdivision Application No.162090 seeks a boundary realignment of the land (classified as 'subdivision'). The proposed subdivision will not increase or reduce the number of lots although the lot sizes will be altered to Lot 1 1400.6ha and Lot 2 598.5ha. *Attachment 1 & Attachment 2.*

 - f. *to realign lot boundaries with no increase in the number of lots, where the resultant lots will not adversely affect rural land uses;*
 - g. *to protect and actively conserve places of cultural and natural heritage;*

Local Policies

- *Shire of Morawa Town Planning Scheme No.2*
The land is zoned 'Rural' under the Shire of Morawa Town Planning Scheme No.2 (TPS No. 2). TPS No. 2 has the following Objectives and provisions relevant to the application:

"4.1.1 Rural Zone

4.11.1 Objectives

- a) to ensure the continuation of broad-hectare farming as the principal land use in the District and encouraging where appropriate the retention and expansion of agricultural activities;
- b) to consider non-rural uses where they can be shown to be of benefit to the District and not detrimental to the natural resources or the environment;
- c) to allow for facilities for tourists and travellers, and for recreation uses.

4.11.2 Site Requirements See Table 2.

4.11.3 Development Requirements: Except for:

- a) establishment of a firebreak required to comply with a regulation or bylaw, or
- b) provision of access to a building site, or
- c) the area of building, or
- d) cash crops; not more than 2000m² on any lot shall be cleared of indigenous trees or substantial vegetation. If the Council is satisfied upon receipt of a submission the clearing of an area greater than 2000m² will not adversely affect the amenity, environmental values, character and landscape qualities of the locality it may approve such land to be cleared subject to conditions as may be required by the Council.

4.11.4 Subdivision: Having regard to the prime agricultural importance of land in the zone the Council will only support further subdivision of existing lots where:

- a) the lots have already been physically divided by significant natural or man-made features which preclude the continued operation of a farming property as a single unit (unless adjoining land could be similarly subdivided and thereby, by the process of precedent, lead to an undesirable pattern of landuse in the area or in lots too small for uses compatible with the prevailing use in the area or in ribbon development alongside roads);
- b) the lots are for farm adjustment;
- c) the lots are for specific uses such as recreation facilities and public utilities; or d) the lots are required for the establishment of uses ancillary to the rural use of the land or are required for the travelling public and tourists (such as service stations and motels).

4.11.5 Homestead lots: Notwithstanding clause 4.11.4 above, the council may support a subdivision application to excise a homestead lot, containing an existing farm residence, within the Rural Zone, subject to:

- (i) there having been a decline in population over two intercensal periods in the Census Collection District within which the subject land is located;
- (ii) any such homestead lot being between 4 ha and 10 ha in size, excluding any battleaxe leg; and
- (iii) any such homestead lot having its own frontage, and constructed vehicular access, to a constructed road.”

- Council Policy ‘9.1 RURAL SUBDIVISION’ is applicable to the application. The Policy reflects TPS No. 2 objectives along with the following criteria:

Council will not support the subdivision of rural land resulting in the creation of lots smaller than 20 hectares”

Cr Chappel declares that she has an Impartiality Interest in relation to this item and has made the necessary declaration and will vote accordingly.

OFFICER'S RECOMMENDATION/ RESOLUTION**220404****Moved: Cr Katona****Seconded: Cr Harris**

That Council:

- 1. Approve the commissioned public art in the Winfield Street Heritage Precinct at the Morawa Post Office, 'Little West Wood.'**
- 2. Supports the installation of removable planter boxes on Morawa Post Office land**

CARRIED BY SIMPLE MAJORITY 6/0

PURPOSE

To assess improvements at the Morawa Post Office, 'Little West Wood' including a piece of commissioned public art.

DETAIL

The Morawa Post Office falls within the Winfield Street Heritage Precinct. Its location is of high visual and pedestrian traffic significance which will result in high exposure and attraction to the main streetscape and aesthetic. Little West Wood has proactively engaged renowned artist Helen Ansell to design and paint a commissioned feature on the Morawa Post Office wall. This is part of a series of improvements planned to create a sense of place for community at this prime corner of the main street.

Helen Ansell is a regional Western Australian artist, whose vibrant paintings capture the spirit of native Western Australian flora and fauna. Helen has strong ties to indigenous communities having grown up in Ululla and the Midwest in Mullewa. She is passionate about supporting regional communities and has taken part in large scale public art projects.

The proposed main design of the mural will be located to the south side of the building facing Prater Street, with a smaller flower design on the front of the building located near the entrance of the Post Office facing Winfield Street.

Prater Street Design

Winfield Street Design

The artwork is proposed to commence in May 2022. The intended artwork will be colourful, contemporary aboriginal art in dot formation showcasing flora and fauna. With background red brick being incorporated into the proposed design.

Public art reflects a community and its surroundings, working to cultivate a cultural identity by setting a community apart and attracting people to its uniqueness.

The works will have a protective coating applied to protect it from weather and graffiti. Should there be a need the artist will be contracted to fix any aspect of the finished work.

As part of the Wildflower Country regional promotion there is the added leverage of a public art trial and mural trial that this artwork can be added to. This body of works aligns well with discussions and analysis conducted so far around the Arts and Culture and Tourism Plans currently in development by the Shire.

Little West Wood also propose to introduce two (2) large removal planter boxes within the post office land parcel. The idea is that the trees/shrubs planted in the planter boxes precinct will aid in increasing the visual identity of the street scape, assist in providing shade to pedestrians as well as reducing heat radiation to the building. For simplicity the proposal is to use IBC containers as a main structure and inclosing them with vertical wood cladding to create an aesthetically appealing planter box. This method also means the planters boxes can be moved easily with the right equipment when/if required. Given the planter boxes are removable the Shire cannot control whether they are installed on the Post Office land, but Little West Wood would like Council support for their introduction.

Visual illustration of what removable planter boxes will look like

The subject property is listed on the Shires Municipal Inventory, being located within the Winfield Street Precinct (*Attachment 3*). The proposed artwork is not considered to negatively impact the street precinct and the subject building whilst in the Heritage Precinct is not especially old or and the walls to be painted do not represent unique design or great heritage value.

This is an initiative taken by a local business to try and improve the look and feel of the townsite and as such this aligns well with the Shire's vision for the future.

LEVEL OF SIGNIFICANCE

Medium significance – Physical display will be forever.

RISK MANAGEMENT CONSIDERATIONS

Whilst the visual impact of a mural can always be a risk, this is somewhat negated by the use of a well-respected local artist who has painted many murals of this type in the region.

11.1.4 Draft Local Heritage Survey

Author: Planning Officer

Authorising Officer: Chief Executive Officer

Disclosure of Interest: The Author and Authorising Officer declare that they do not have any conflicts of interest in relation to this item.

OFFICER'S RECOMMENDATION/ RESOLUTION**220405****Moved: Cr Stokes****Seconded: Cr Harris****That Council:**

- 1. Endorse the Draft Local Heritage Survey for public advertising and consultation.**

CARRIED BY SIMPLE MAJORITY 6/0

PURPOSE

A review of the 1996 Shire of Morawa Municipal Heritage Inventory is a requirement of the Heritage Act 2018. Inventories have been renamed "Local Heritage Surveys". This review is in accordance with Part 8 of the Heritage Act 2018 that is essentially the same guidelines as the 1990 Heritage Act requirements, including the identification of the "Heritage List".

The review is undertaken in consideration of the Department of Planning, Lands and Heritage's guidelines; Criteria for the assessment of local heritage places and areas as recommended in State Planning Policy 3.5 Historic Heritage Conservation.

Assessments determine levels of significance for each place in consideration of the overall context of the Shire's towns and district. The levels of significance are consistent with the required categories (Heritage Act 2018). Council is requested to consider endorsing the attached draft version of its Local Heritage Survey to allow it to be released for public consultation.

DETAIL

The draft report is a summary of the recommendations for the Local Heritage Survey and the places within that survey that form the Heritage List for conservation guidance through the provisions of the Shire's planning scheme.

103 places are recommended in the Local Heritage Survey, many of which were mentioned in the 1996 heritage inventory. Some places still require information to identify and/or inform of their history.

Shire Council's endorsement of the draft report for community consultation is an important part of the review process as it engages with the community to further understand, provide information, make connections, and amend the draft document.

The Local Heritage Survey is a summary the community's heritage and having a role to be included, empowers them as the custodians of this heritage.

The review is undertaken in consideration of the Department of Planning, Lands and Heritage's guidelines; Criteria for the assessment of local heritage places and areas as recommended in State Planning Policy 3.5 Historic Heritage Conservation.

Assessments determine levels of significance for each place in consideration of the overall context of the Shire's towns and district. The levels of significance are consistent with the required categories (Heritage Act 2018).

An overview of the review process was presented to Council on 22 March 2022, with implications associated with the Heritage List discussed in detail.

The draft report comprises recommendations for the Local Heritage Survey and the places within that survey that form the Heritage List for conservation guidance through the provisions of the Shire's planning scheme and a local planning policy. A Local Planning Policy relevant to the Heritage List will be prepared once Council has endorsed the Local Heritage Survey.

LEVEL OF SIGNIFICANCE

High significance - A review of the 1996 Heritage Inventory is a requirement of the Heritage Act 2018. This review is in accordance with Part 8 of the Heritage Act 2018 that requires the identification of the "Heritage List"

OFFICER'S COMMENTS

The month of March continues to show income being lower than budgeted. Expenditure is continuing to track under the current budget allocations which is due to immature budget phasing. As the maturity improves the variances between budget and actuals should reduce.

PURPOSE

The Shire currently has some Sundry Debtors that are still outstanding and have been for some time. This report is to request Council approve the write off of these debts as the amounts are deemed uneconomical to pursue and /or the debtors have left town.

DETAIL

The Debtors Officer has recently carried out a review of the outstanding debtors and found that there are some that have been outstanding for a considerable time. Some of these debtors have since left town and the amounts owing are below the threshold normally deemed economical to pursue.

Contact has been made with the Shires debt recovery agency regarding these debts with the outcome being the request to Council to approve the write off of these debts.

The following table is a list of all the Sundry Debtors that are currently outstanding with an explanation of what the debt was for and why it should be written off.

Debtor	Date	Amount	Details
22	14/5/2015	165.00	The invoice was for rental fees for the childcare centre. The Debtor refused to pay the account and has since left town. Uneconomical to pursue.
48	22/1/2016	506.25	The initial invoice was for the cleaning of tablecloths hired for a wedding on the 3/10/2015. The hirer was initially banned from hiring further equipment from the Shire to encourage payment to no avail. Debtor has since left Morawa. Uneconomical to pursue
31497	18/2/2016	51.20	The invoice was for refilling the fuel after hire of the community bus. Debtor has refused to pay and has since left town. Uneconomical to pursue.
30399	14/11/2016	74.80	This invoice was for the sale of standpipe water. The Debtor refutes the claim stating that it was not their company that obtained the water.
89	18/6/2017	306.00	This invoice was for the sale of standpipe water. The Debtor initially argued that the bill was not theirs and has since gone into liquidation.
30751	29/11/2018	125.40	This invoice was for the supply of 2 x 200mm Street Blade Signs. The company they were supplied to has closed and the proprietor has left town. Uneconomical to pursue.
32336	29/11/2018	125.40	This invoice was for the supply of 2 x 200mm Street Blade Signs. The company they were supplied to has closed and the proprietor has left town. Uneconomical to pursue.
60	8/5/2019	163.20	This invoice was for the sale of standpipe water. The Debtor refutes the claim stating that it was not their company that obtained the water. Uneconomical to pursue.
3149	16/12/2020	100.00	This invoice was for the clean-up of property to reduce the fire hazard the rubbish caused. This account was not added to the rates of the property and the then owner has refused to pay, and the property has since been sold. Uneconomical to pursue
	Total:	1,617.25	

Debt Recovery was put on hold in 2019-2020 when the implications of the pandemic were unknown. The above debts are mostly prior to that, and the age of the debts make it very hard to pursue through the courts as the knowledge around each of the debts has been lost due to staff changeovers.

With the review of services and processes moving forward the administration will be continuing to move more services to a pay upfront style of trading to limit debts.

Officers also recommend that Council invest in an appropriate system to track and manage standpipe usage to negate future disputes and to ensure the Shire is not inadvertently weathering excessive water costs.

LEGISLATION AND POLICY CONSIDERATIONS

Debtors Management Policy – FIN05

FINANCIAL AND RESOURCES IMPLICATIONS

The outstanding debt level of Council was highlighted during the 2020-2021 Audit. Since then, a full review has been conducted, where we have managed to get some debts paid but have been unable to recover the amounts listed above. Council will need to absorb the outstanding amounts with a reduction to expected income.

The Shire is in the process of reviewing its Debt Recovery Policy to ensure that all debts are pursued in a timely manner.

RISK MANAGEMENT CONSIDERATIONS

By allowing outstanding debts to build up and not pursue them earlier on means that Council will find it harder to recover the debts. The collection of Sundry Debtors is reliant on early intervention by Council's Debt Recovery team as the longer debts are left outstanding the more it could potentially cost in recovery charges and the higher the chance of it going through the court system. Fortunately for Council, if the debt ends up in court generally some of the legal costs can be recovered if awarded by the court or if it is stated clearly on any hire agreements.

CONCLUSION

As these debts have been outstanding for many years it is deemed that they are all uneconomical to pursue and it would be in the best interest of Council to give the approval to write off the debts and ensure that any new debts are not allowed to remain unpaid for any length of time by apply good debt management procedures.
