ABSOLUTE MAJORITY VOTE REQUIRED

PURPOSE

To present Council with the outcome from advertising the Shire's Local Planning Strategy and Local Planning Scheme No. 3 and to request Council to adopt the Draft Local Planning Strategy (the Strategy) and Local Planning Scheme No.3 (the Scheme), subject to modifications.

DETAIL

The advertising period has concluded for draft Local Planning Strategy and draft Local Planning Scheme No. 3.

This report recommends final approval of the Strategy and Scheme (subject to modifications) and that they be forwarded to the Western Australian Planning Commission and Minister for Planning for final endorsement.

The Local Planning Scheme has been developed to comply with the Model Scheme Text requirements for all new schemes being prepared within the state of Western Australia.

Under the *Planning and Development Act 2005* local governments can prepare a local planning scheme for any land within its district to make suitable provisions for the improvement, development and use of land. The *Planning and Development (Local Planning Schemes) Regulations 2015 (Regulations)* require that local planning schemes are reviewed on a five-yearly basis, or within two years of the Regulations coming into operation.

Local planning schemes provide the statutory framework for managing land use development within a local government. It also provides the spatial plan for where particular land uses should occur within the locality. A local planning strategy is a strategic document that sets the land use vision for the local government area as well as a local profile of the locality and its community.

A local planning strategy sets out the long-term planning directions for a local government, considering any relevant regional or state planning policies and provides the rationale for any zoning or classification of land under the local planning scheme. The local planning strategy is a precursor for the preparation of the local planning scheme.

At the Ordinary Meeting of 23 July 2013, Council resolved to prepare its first comprehensive Strategy, along with a draft Scheme to replace the existing Shire of Morawa Local Planning Scheme No. 2.

The Shire of Morawa Local Planning Scheme No. 2 was originally gazetted on 21 May 2007. Local Planning Scheme No.2 is outdated and is required to be reviewed to align with the current planning regulatory framework.

The Shire received funding via the (then) Department of Planning's Northern Planning Projects funding scheme to assist with the preparation of a new Strategy and Scheme. The grant covered the consultancy cost associated with the preparation of the new Strategy and Scheme. The new Scheme was required to comply with the Western Australian Planning Commission's (WAPC) Model Scheme Text as are all new schemes being prepared in Western Australia.

At the Ordinary Meeting of 19 December 2016, Council resolved as follows:

“

1. *Supports the Draft Local Planning Strategy as presented;*
2. *Forwards the Draft Local Planning Strategy to the Western Australian Planning Commission for endorsement; and*
3. *Advertise the availability of the Draft Local Planning Strategy to members of the public for a period of not less than 90 days from the date of notice upon approval of the strategy by the Western Australian Planning Commission.*

“

At the Ordinary Meeting of 19 December 2016, Council resolved as follows:

“

1. *Supports the Draft Local Planning Scheme No. 3 as presented;*
2. *Forwards the Draft Local Planning Scheme No.3 to the Western Australian Planning Commission for endorsement; and*
3. *Advertise the availability of the Draft Local Planning Scheme to members of the public for a period of not less than 90 days from the date of notice upon approval of the strategy by the Western Australian Planning Commission.”*

“

Following the above resolution, the documents were forwarded to the WAPC for consent to advertise. On 30 March 2020, the Shire received notice from the WAPC stating:

“The WAPC has examined the scheme under regulation 21(4) of the Planning and Development (Local Planning Schemes) Regulations 2015 and advises that it is suitable to be advertised.”

The Scheme Text is included as **Attachment 1** and the Scheme Maps are included as **Attachment 2** and the Local Planning Strategy is included as **Attachment 3**.

Consultation

In accordance with the Regulations, the local planning scheme was advertised for a minimum of 90 days. The Regulations stipulate that a local planning strategy be advertised for a period of 21 days. However, given the relationship between the two documents, they were concurrently advertised for 100 days.

The advertising period commenced on 02 March 2021 and concluding on 16 June 2021 and involved the following:

1. A notification was published in the Government Gazette on 02 March 2021.
2. A notice appeared in the West Australian on 02 March 2021.
3. Copies of the Strategy and Scheme documents and associated mapping were made available for viewing at the Shires Administration Office.
4. Copies were also available for viewing at the Department of Planning, Lands and Heritage Perth Office.
5. Details of the Strategy and Scheme were published on the Shire’s website and copies of the documents and associated mapping were available for download.

Submissions

As a result of the advertising, a total of four submissions were received for the Strategy and a total of seven submissions were received for the Scheme. All submissions submitted are listed below:

Local Planning Strategy

- Astro tourism WA
- Agriculture Resource Management Assessment Sustainability and Biosecurity
- Main Roads Western Australia

- Public Transport Authority of Western Australia
- Agriculture Resource Management Assessment Sustainability and Biosecurity
- Department of Fire and Emergency Services

A schedule of the submissions received for the Strategy and the Scheme is included in **Attachment 4**. The schedule provides a summary of the comments received, the Shire's response and any proposed modifications to the Scheme and Strategy as a result of the submissions. It is considered that no further advertising is required for the Strategy or the Scheme as the proposed modifications are considered standard amendments and does not result in any significant environmental, social, economic or governance impacts on land in the scheme area.

If the Western Australian Planning Commission or the Minister deem the proposed modifications to be 'significant modifications', re advertising is required in accordance with Regulation 26 in the *Planning and Development (Local Planning Schemes) Regulations 2015*.

As part of the wider local planning framework, the Strategy and the Scheme will play a significant role in shaping the development of the Shire for the next 15 years.

CONSULTATION

Attachment 5 list agencies and public authorities that were considered to be affected by the Strategy and the Scheme and were notified of the public advertising period.

LEGISLATION AND POLICY CONSIDERATIONS

Planning and Development Act 2005

Planning and Development (Local Planning Schemes) Regulations 2015

FINANCIAL AND RESOURCES IMPLICATIONS

The Shire received funding via the (then) Department of Planning's Northern Planning Projects funding scheme to assist with the preparation of a new Local Planning Strategy and Scheme for the District. This grant covers the consultancy costs associated with the preparation and modification to the draft strategy and Scheme.

The Shire's budget for 2020/21 includes an amount of \$15k for the finalisation and advertising of the Strategy/Scheme (not including staffing costs). The drafting of the Strategy and Scheme maps has largely been completed albeit with some suggested modifications. Allocated funds will be spent to support proposed modifications changes and gazettal of the Local Planning Scheme No.3 text and maps.

It is expected that ongoing expenditure on the Strategy and the Scheme beyond 2021 will be limited.

RISK MANAGEMENT CONSIDERATIONS

The adoption of the Draft Strategy and Scheme will fulfil the Shire's obligations under the Regulations of preparing, maintaining, and reviewing a Local Planning Strategy and Local Planning Scheme.

CONCLUSION

The Draft Scheme and Strategy presents a clear vision and certainty for future development and residents within the Shire of Morawa, and it is recommended that Council supports the Local Planning Strategy and Local Planning Scheme No. 3 in accordance with Regulations 14 (2)(b) and 25(3)(b), respectively, of the Planning and Development (Local Planning Schemes) Regulations 2015, subject to the modifications detailed in the attached schedule of submissions.

OFFICER'S RECOMMENDATION

That Council approve the Morawa Football Club to erect a memorial plaque for the late Mr Robert Plozza and the late Mr Colin Watson on the gate keepers hut at the Greater Sporting Grounds.

SIMPLE MAJORITY VOTE REQUIRED

PURPOSE

The purpose of this item is to refer to Council on the Morawa Football Club's letter request to install a memorial plaque for Mr Robert Plozza and Mr Colin Watson on the gate keepers hut at the Morawa Greater Sporting Grounds.

DETAIL

Shire of Morawa Policy Manual states in ADM05 Memorials on Council Controlled Land, "The creation or placement of memorials or monuments on public land is not permitted unless the consent of the Shire of Morawa is provided". Therefore, Council approval is required for the Morawa Football Club to go ahead with this memorial plaque.

The Morawa Football Club sent the initial letter of request on 16 May 2021 with only Mr Robert Plozza's name in memorial on the plaque at the gatekeepers hut. Following further consultation with life members, the Football Club decided to withdraw this request from the June OCM and sent another letter on 22 June 2021 to also include the late Colin Watson's name on the memorial plaque. This letter is provided in the attachments.

The Football Club is paying for the design, manufacture, and installation of the plaque, which they request to put somewhere on the outside of the gatekeepers hut, or wherever Council allows at the Greater Sporting Grounds.

The plaque would be approximately 200mm x 200mm in a material called metal graph plate (silver) with the following text in black,

*Gatekeepers Hut

11.3.1 Main Roads Western Australia RAV Request

Author: Executive Manager Works & Assets

Authorising Officer: Chief Executive Officer

Disclosure of Interest: The Author and Authorising Officer declare that they do not have any conflicts of interest in relation to this item.

OFFICER'S RECOMMENDATION

That Council:

1. With respect to the request from Main Roads Western Australia (Heavy Vehicle Section) to assess the suitability of sections of Munckton Road and Koolanooka Access Road to modify the Restricted Access Vehicle Network (RAV) rating:
 - a. Note the RAV assessment checklist *Attachment 1*; and
 - b. Does not object to Munckton Road from SLK 0.00 to SLK 14.26 being classified conditional type A Low Volume RAV 7 with the additional condition that the maximum speed to apply when the road is visibly wet is 40 km/h;
 - c. Note that the Koolanooka Access Road has no public access and the mine site is responsible for all maintenance, so Council supports the mine's position in relation to this road
2. Authorise the CEO to commence negotiations and development of a Road User Agreement with SMS/Rivett Mining Services with the draft agreement to be presented to Council prior to execution

SIMPLE MAJORITY VOTE REQUIRED

PURPOSE

Council is requested to consider the request by Main Roads WA for an assessment of Munckton Road and the Koolanooka Access Road to determine if it is suitable to modify the Restricted Access Vehicle Network (RAV)

DETAIL

Main Roads Heavy Vehicle Section (HVS) has received applications to modify the following section of road(s) onto the RAV Network:

Road No./Name	From Location (SLK)	To Location (SLK)	Current RAV Network	Requested RAV Network	School Bus Route (Yes or No)	Traffic Count (AADT)
5110006	Munckton Rd	Morawa-Yalgoo RD	4	7		
511Z005	Koolanooka Access Road		0	7		

Should the roads be deemed unsuitable to be added to the RAV7 Network when assessed it may be considered for a Restricted Local Access Permit. This permit is for individual access to a road with specific combination and with suitable conditions to mitigate any risk.

RAV Networks 2 to 7 and 9 to 10 consists of some Low Volume roads that do not strictly comply with the assessment guidelines. These roads have in the past been approved due to the low traffic volumes and are subject to the following conditions:

(a) “Type A” Low Volume roads:

- Maximum Speed to be determined whilst conducting on-site assessment, in accordance with the RAV Guidelines
- Current written approval from the road owner, endorsing use of the road, must be obtained, carried in the vehicle, and produced upon request,
- Headlights must be switched on at all times,
- When travelling at night, the RAV must travel at a maximum speed of 40km/h and display an amber flashing warning light on the prime mover,
- No operation on unsealed road segment when visibly wet, without road owner’s approval,
- Direct radio contact must be maintained with other RAV’s to establish their position on or near the road (UHF channel 40).
- Not to be used as a through route. For local delivery, pickup and garaging only. Driver must carry documentation as proof of local delivery, pickup, or garaging address.

(b) “Type B” Low Volume roads: All conditions stipulated for “Type A” Low Volume Roads apply;

- For a single lane road, the road must not be entered until the driver has established via radio contact that there is no other RAV on the road travelling in the oncoming direction, and
- The RAV must not exceed a speed of 40 km/h.

The proponents behind this request through Main Roads are SMS and Rivett Mining Services who are working in partnership with Sinosteel Midwest Corporation for the restart of the Koolanooka Mine for a period of up to 4 years. As described in the attached letter the group which to restart the use of the Tilly Siding for cartage to port but may have an interim period carting through to Mingenew and Geraldton using the road network. SMS Mining Services have indicated that they wish to enter into a road user agreement with the Shire to ensure they contribute towards the haulage route maintenance.

Whilst, increasing the RAV rating and haulage on Munckton Road may not be Council’s first choice the economic benefits of the Koolanooka mine restarting should outweigh the potential impacts of increased haulage. Increased mining activity within the Shire boundary brings potential opportunities for growth and development.

LEVEL OF SIGNIFICANCE

Low significance – response required to be provided back to HVS before the end of June 2021

CONSULTATION

Chief Executive Officer
Senior Staff

LEGISLATION AND POLICY CONSIDERATIONS

Local Government Act 1995
Road Traffic Act 1972
Road Traffic (Vehicles) Act 2012
Road Traffic (Vehicle Standards) Regulations 2002

The Shire does not have a Policy in relation to reviewing RAV ratings for roads.

FINANCIAL AND RESOURCES IMPLICATIONS

There are no known financial implications in relation to this item. It is not anticipated that a change to RAV 7 would significantly impact the maintenance cost and requirements on the roads, but the Shire would be seeking a maintenance contribution from the proponent to cover any impact of increased haulage.

RISK MANAGEMENT CONSIDERATIONS

As identified in the 'RAV assessment checklist' there are no known risk management implications in relation to this item

CONCLUSION

The RAV assessment checklist does not identify any significant deficiencies that may render the road(s) unsuitable for RAV7 access. This report recommends that Council consider recommending to HVS that the sections of Munckton Road and Koolanooka Access Road (as defined above) be conditionally added to the RAV7 network with a condition rating "Type A" Low Volume Road.
