---------------	-----------------------------------

**Author:** Chief Executive Officer

**Authorising Officer:** Chief Executive Officer

**Disclosure of Interest:** The Author/Authorising Officer declares that he does not have any conflicts of interest in relation to this item.

**OFFICER RECOMMENDATION/RESOLUTION**

**211103 Moved: Cr Coaker                      Seconded: Cr Carslake**

1. **Resolve to underwrite the 2022 Morawa Art show to cover the increased costs and loss of major sponsor up to a total expenditure of \$75,000.**
2. **Direct the Chief Executive Officer to actively pursue funding/sponsorship opportunities that reduce the Shire’s financial contribution to the event and contribute towards its ongoing sustainability.**

***CARRIED BY SIMPLE MAJORITY 7/0***

**PURPOSE**

For Council to provide clear financial backing to the 2022 Morawa Art Show.

**DETAIL**

Morawa has been hosting an art related event since 2004. The event has evolved and changed but continues to provide a unique opportunity to showcase Morawa.

The event has been held on a biennial basis; however, the 2020 version of the event was unfortunately, cancelled due to the COVID-19 pandemic.

As the event has grown so too has the prize money on offer and logistics involved in the delivery of the event. Karara Mining Ltd (formally) began sponsoring the awards in 2010 and at this stage the total prize money on offer was \$11,000. In 2018 the total prize money on offer for the event was \$20,000. At this point Karara Mining Ltd was providing major sponsorship of \$20,000 towards the event.

Since 2018, Karara Mining Ltd. Has experienced some changes in its management and policies and have decided to withdraw their sponsorship from the Morawa Art Show. As such to continue to deliver this event in 2022 at a similar standard to the event delivered in 2018 the Shire would need to fill the financial void left by Karara’s withdrawal.

In 2018 the Morawa Art Show cost approximately \$58,000 with the financial contribution from the Shire being approximately \$17,000.

At this stage the event plan for the 2022 version of the event has the project expenditure budgeted to be approximately \$70,000.

As a guide the main budget expenditure is:

Collecting and Curating Artwork	\$11,000
Venues and Hosting	\$6,000
Opening Night	\$11,000
Awards/Prizes	\$20,000
Marketing	\$10,000
Staff, event management and other	\$15,000

This new budget position considers four (4) years' worth of escalating costs and the withdrawal of significant sponsorship funding from Karara Mining Ltd.

It is expected that the cost to the Shire of delivering the event with no new sponsorship would be \$65,000, with income from opening night tickets, event entry and sale commissions expected to be between \$8,000 - \$11,000 to offset some of the \$70,000+ expenditure.

The Chief Executive Officer and Shire President will endeavour to connect with new potential sponsors for the event to reduce the Shire's overall contribution, however at this stage these funds cannot be guaranteed.

For the Shire to proceed planning and advertising the event scheduled for an opening night on Friday 5 Augusts 2022, the event manager needs some certainty that the Shire will underwrite the expenditure for the event regardless of external funding sources.

The Shire has a \$20,000 budget in this years (2021/2022) budget for the Art Show, but Council will need to be comfortable that the allocation for next year may need to be \$40,000 - \$45,000 to ensure the sustainability of the event in lieu of outside contributions. Whilst this report does not represent a formal budget allocation it provides a clear directive to the administration to move ahead with the delivery of the event on the basis that Council will cover costs if no sponsors are forthcoming.

To attract high quality submissions for the show the Shire needs to try and maintain prize money at its current levels and not be seen to move backwards. Cuts could be made in other areas, but it will ultimately flow through to the product being delivered.

## LEVEL OF SIGNIFICANCE

Medium – The Biennial art show stands as one of Morawa's premier events and offers a somewhat unique offering in Country WA.

**Strategic Community Plan 2018 to 2028 (desktop Review June 2020)**

**Outcome 3.4.1** Continue to support Morawa Biennial Arts Awards and Exhibition

**FINANCIAL AND RESOURCES IMPLICATIONS**

Unlikely to impact on this year's budget but may require enhanced funding in next years budget.

**RISK MANAGEMENT CONSIDERATIONS**

An event manager has been employed to manage the risks associated with event deliver and whilst and significant event investment always comes at a risk, the reputational risk of not delivering the event should also be considered.

**CONCLUSION**

The Shire will be actively trying to attract greater sponsorship to minimise the overall contribution from the Shire's budget but to deliver a large event of this type it is not unreasonable to expect that it will cost the Shire \$50,000 even with sponsorship.

**OFFICER RECOMMENDATION/RESOLUTION**

**211104 Moved: Cr Collins                      Seconded: Cr Stokes**

**That with respect to Adoption of Ordinary Meeting of Council Dates for 2022, Council:**

**1. Resolve to set the Ordinary Council Meeting dates as follows:**

- **Thursday 17 February 2022**
- **Thursday 17 March 2022**
- **Thursday 21 April 2022**
- **Thursday 19 May 2022**
- **Thursday 16 June 2022**

- **Thursday 20 October 2022**
- **Thursday 17 November 2022**
- **Thursday 15 December 2022**

**2. Resolve that all Ordinary Council Meetings will be held at the Council Chambers, Shire Administration Centre, 26 Winfield Street, Morawa and commence at 5.30pm. Except the Council meeting scheduled for Thursday 15 September 2022 which will commence at 1:30pm and representatives from the Morawa District High School will be invited to attend.**

**3. Direct the Chief Executive Officer to give public notice of the Ordinary Council Meetings to be held in 2022 as per the above dates, provided the date, time and location of all meetings to meet legislative requirements.**

***CARRIED BY SIMPLE MAJORITY 7/0***

**PURPOSE**

Council is requested to select the Ordinary Meeting dates for 2022.

**DETAIL**

The proposed motion sets Council meeting dates for 2022, with all meetings set for the third Thursday of the month, in line with recent Council practices. Suggested meeting dates are listed below:

- Thursday 17 February 2022
- Thursday 17 March 2022
- Thursday 21 April 2022
- Thursday 19 May 2022
- Thursday 16 June 2022
- Thursday 21 July 2022
- Thursday 18 August 2022
- Thursday 15 September 2022
- Thursday 20 October 2022
- Thursday 17 November 2022
- Thursday 15 December 2022

Recent practice has been to hold all Council meetings at 5:30pm to ensure they are accessible to Councillors and community members who have work commitments during the day. It is proposed that all meetings except the September meeting remain at 5:30pm. With the September 2022 meeting being brought forward to 1:30pm to allow attendees from the Morawa District High School to be invited to attend and gain understanding around civic governance.

S5.25 of the Local Government Act 1995 requires the giving of public notice of the date and agenda for Council or Committee meetings and the Local Government (Administration) Regulations requires this notice to be given before the beginning of the year in which the meetings are to be held.

It should be noted that there may be instances where a meeting is to be scheduled early in the month and where the Financial Statements for the previous month are still being determined.

In this regard, Staff will advise Council of those instances and the outcome could be that the Statements are referred to the following month.

***CARRIED BY SIMPLE MAJORITY 6/0***

---

**PURPOSE**

Provide a project status update and for Council to adopt a budget variance.

**DETAIL**

On 22 May 2020 the Australian Government announced a new \$500 million Local Roads and Community Infrastructure Program (LRCIP). This program supports local councils to deliver priority local road and community infrastructure projects across Australia, supporting jobs and the resilience of local economies to help communities bounce back from the COVID-19 pandemic.

In October 2020, the Australian Government announced a \$1 billion Phase 2 extension of the LRCI Program. Under the extension, the Shire received \$283,669. When announcing the funding it was required that applications were to be made after 1 January 2021 and projects must be completed by 31 December 2021. As such this provided limited time for scoping,

design, costing, and project delivery. The funding was allocated to two (2) priority projects, which are still scheduled to be completed by 31 December 2021.

One of those projects was the renovation of the Sport Precinct Clubhouse (Morawa Golf and Bowling Club) with the external woodwork, kitchen facility, flooring, painting and air conditioning in need of repair and upgrade.

The Renovation of the Clubhouse is progressing well and is expected to be delivered on time. The scope of works includes:

- External works
  - Repair and paint fascia, barge, gutter, windows, down pipes, and veranda poles
- Internal works
  - Kitchen renovation
    - New stainless steel commercial kitchen
    - New commercial tiling
    - New commercial flooring
    - Repair and paint walls and ceilings
  - Club room – new flooring and blinds throughout, painting of brick walls and window frames
  - Kids room – New flooring and painting and ceiling repairs.
  - New ducted air-conditioning throughout

A few items/variations have put upward pressure on the budget notably:

- The extent of repair and painting to the outer fascia of the facility took extra time and work to complete, it was difficult to assess the exact requirements prior to sanding back of the wood, plus to ensure the project was on time the Shire used its own labour for this task.
- New kitchen tiling – the open nature of commercial steel benches meant that extra tiling was needed to improve aesthetics and meet health and safety requirements.
- Extra crack repairs were needed to walls/ceilings especially in kids' room
- Painting, commercial kitchen steel, and flooring all quoted at a cost higher than originally anticipated when designing the project. In fact steel prices continue to increase weekly.

Unfortunately, the Shire is trying to deliver projects at a time when the Western Australian economy, especially in building trades, is experiencing a high level of price inflation. Over the last few months, the cost of materials has seemed to increase on a fortnightly basis, at this stage the project is expected to go significantly over budget.

The administration did make a few decisions in the interest of delivering an improved community outcome that incurred slightly higher costs such as:

- the quality/number of the air conditioners used
- removing the old kitchen tiling which was heavily worn and replacing with new tiling and tiling other areas of the kitchen for an improved finish
- choosing to replace more of the flooring to ensure the hallway and adjoining kids room flowed with the new décor
- replacing the aged curtains once the substantial contrast against the new flooring etc. was evident.

On reflection these improvements could have been forgone to reduce the budget deficit but this would have impacted on the end product and would likely have led to negative community comments out the standard of the finish. Council could still choose to forego some of these changes to the flooring and blinds but this is not recommended.

At this stage the project budget deficit/variation is as per below:

Area	Original Budget	Predicted Final Cost	Variance
External Works	\$15,000	\$25,000	\$10,000
Kitchen Renovation	\$30,000	\$40,000	\$10,000
Airconditioning	\$30,000	\$30,000	\$0
Painting	\$25,000	\$30,000	\$5,000
Flooring	\$30,000	\$34,000	\$4,000
Electrical	\$10,000	\$10,000	\$0
Contingency	\$2,000	\$3,000	\$1,000
<b>Total</b>	<b>\$142,000</b>	<b>\$170,000</b>	<b>\$30,000</b>

To date the air-conditioning upgrade is complete, the exterior works are complete, prep work for the new kitchen is complete and the steel frames have been ordered, flooring and wall prep is complete or underway.

The two options available moving forward to address the budget deficit are reduce the scope for finishing's such as painting, blinds, flooring etc. or increase the budget allocation.

The Morawa Golf and Bowling Club are funding the internal painting of the club room ceiling as well as new commercial ovens for the kitchen.

As well as the major internal works being undertaken at the facility the Bowling Club are also having to contend with the bowling green playing surface having sustained subgrade damage due to the cyclone. The Shire's insurance of this facility is allowing the Shire to fund the replacement works under normal insurance processes and in line with our existing Cyclone insurance excess of \$100,000.

The Golf and Bowling Club had maintained some insurance cover for the site and have received a \$30,000 payment that has been contributed towards the Shire's insurance excess costs.

This contribution is gratefully received and given the Shire had already budgeted to cover the full cyclone insurance excess triggered prior to being aware of the damage to the green, it has freed up funds in the Shire's budget. As such the Shire can fund the \$30,000 budget variance for the club house renovation, in essence utilising funds provided by the club.

The unanticipated financial pressure on the project is correlated with the ongoing increase in construction costs associated with the country's ongoing construction boom, and whilst the Shire could reduce the scope of works to fit the project within budget allocations, this is unlikely to deliver the best outcome for the Morawa community.

It is noted that Council already took a pro-active approach with the other LRCIP building project at the old road board building, allocating \$30,000 of Shire funds above the grant allocation to cover finishing touches and expected cost escalations.

**LEVEL OF SIGNIFICANCE**

Medium – Project completion and delivery planned for 31 December 2021

**CONSULTATION**

**LEGISLATION AND POLICY CONSIDERATIONS**

**FINANCIAL AND RESOURCES IMPLICATIONS**

Project is expected to go significantly over budget and additional funds are required to complete the project to the proposed standard. Unbudgeted contribution from the Golf and Bowling club of \$30,000 should offset any overspend. This budget modification has been factored into the November 2021 budget review and still delivers a balanced budget.

**RISK MANAGEMENT CONSIDERATIONS**

The risk of any further overruns is expected to be minimal as most of the site prep work has been completed and purchase orders have already been raised for materials so further price increases aren't expected to be passed on to the Shire.

**CONCLUSION**

That Council supports the budget / project variation to ensure a high standard of accomplishment. Community facilities provide for the health, welfare, social, educational, spiritual, recreational, leisure and cultural needs of the community. They also play an important role in the development of vibrant neighbourhoods by creating a sense of place and providing opportunities for people to meet and interact socially.

The renovation will see a significant updating of this building and the LRCIP grant funding is still expected to account for 80% of the cost.

**That Council:**

- 1. Adopt the November 2021 Budget Review based on the financials for the period ending 30 September 2021 and all budget amendments in their entirety as presented in the Report and Attachment 1**
- 2. Direct the Chief Executive Officer to implement the budget changes and update the amended budget in reports moving forward.**

***CARRIED BY ABSOLUTE MAJORITY 7/0***

---

**PURPOSE**

For Council to consider and adopt a review of the Annual budget and the associated account amendments.

**DETAIL**

Under Regulation 33A of the Local Government (Financial Management) Regulations 1996, Council is obliged to undertake a review of the annual budget between 1 January and 31 March each financial year, based on financials as at no earlier than 31 December.

Whilst this November Budget Review is not deemed a requirement under regulatory obligations the Shire administration agreed with Council during budget development that it made prudent financial management sense to implement more than one budget review each financial year. To ensure that no expenditure is incurred without advance resolution in line with Section 6.8 of the Local Government Act.

These review points also provide an opportunity for the administration to represent to Council any changes, more accurately, that have come to light after the adoption of the Annual Budget. A review of the 2021-2022 Annual Budget has been undertaken by the Chief Executive Officer and other senior staff using the monthly financial statements as of 30 September 2021 and other knowledge related to operational activities.

The November 2021 Budget Review (Attachment 1) document details the examination undertaken and all budget movements.

## **Statutory Budget**

The Statutory Budget Review Template varies from that of the Monthly Statements that are supplied to Council. This template is provided to Councils in WA by Moore with the approval of the Auditor General. The variations in the templates may cause some confusion so the following will explain what each note is meant to achieve.

## **Statement of Budget Review**

There are 2 statements included one being by Nature and Type (page 2) the other by Program (page 3) and are included in all financial reporting that comes to council. The version of these reports in the Budget Review template combines details from the Rates Setting Statement that is provided in the Budget and Annual Financial Report.

These included rate Setting details are the inclusion of the Net Current Assets at start of the year, the removal of the rates income from the Revenue from operating activities and the inclusion of the rates income at the bottom of the page under Budget deficiency before general rates.

Both these report pages should balance back to Note 3 Net Current Funding Position.

## **Note 2 - Summary Graphs – Budget Review**

The inclusion of these summary graphs (page 5) is a quick way for Council to see what Council originally adopted in the budget against actuals year to date and then the predicted year end balance.

The operating expense graph shows that the actuals have been running below budget in July to September with a slight drop in October to then run on budget to the end of the year.

The operating revenue was above the budget slightly in August with a drop below budget in October/November then back on track from December to year end.

Both capital expenditure and income are running on budget and are expected to continue to do so until year end.

## **Note 3 – Net Current Funding Position**

This report is used to show the budgeted deficiency of Council. The report shows the items that are excluded from the budget as they are not used to fund budgeted expenditure.

The Closing funding surplus / (deficit) should be the same as that shown in the Statement of Budget Review by Nature and Type, by Program and Note 5.

## **Note 4 - Predicted Variances**

This note (page 8) reports on the Budget Review changes made by Nature and Type with balances for Operating Revenue, Operating Expenses, Capital Revenue, Capital Expenses, and the total predicted variances. This total does not differentiate between income and expenditure and shows the total variances of \$168,293. If the note did take the income from the expenditure then the total would show the surplus of \$6,007.

**Note 5 – Budget Amendments**

It is a requirement that a running total of changes made to the budget be listed at general ledger account level. This note shows every account line that has been predicted to be altered with this budget review and ends with the expected overall balance of a surplus that matches what is shown in the Statements of Budget Review and Note 3 Net Current Funding Position. These changes can also be seen in the attached schedules with the account changes highlighted for easierviewing.

Summarised below are the major variations included in the Budget Review: Increase in Operating Revenue

Various operating revenue accounts have been modified to rectify under allocations in the budget with the significant changes being:

- Increase \$6,500 in Youth grants income to align with actual figures expected for 2021/2022
  - Youth Advisory Council of WA grant application successful – notified early November.
- Inclusion of \$20,000 income to be received from the Morawa Yalgoo Road Road User Agreement in place with Egan Rothsay/Silverlake Mining to be spent on projects and activities for community benefit – not included in the original budget.
- Inclusion of \$30,000 contribution from the Golf/Bowling Club – not included in the original budget.
- Increase water sales income by \$30,000 to align with the actual income as at 10 November 2021 – aligned to CBH stand pipe use.

Overall increase in operating revenue through budget review is \$87,150 as per note 4.

**Operating Expenditure**

Various operating expenditure accounts have been modified to rectify under or over allocations in the budget with the significant changes being:

**Reduction:**

- There has been a reallocation of depreciation to better reflect where the actual depreciation allocation's go during the year as well as updating the amounts based on the asset revaluation carried out in the 2020/2021 financial year. These movements are deemed non- cash items.
- Reduction in budget for Council election expenses of \$4,500 – reduced cost of running the election and advertising as more online options available.
- Loss on sale of asset reduced by \$40,000 – CEO vehicle was included as a \$0 disposal however formal disposal/hand over is to occur and the vehicle is to remain as a Shire asset.
- Reduction in the caravan park caretaker wages of \$7,473 as the Caretaker was not onsite for the full budgeted period.

**Increase:**

- Inclusion of \$20,000 expenditure in relation to the income received from the Morawa Yalgoo Road RUA Community Benefit Agreement.
- Increase of \$10,000 to other youth expenses to cover labour hire expenses incurred whilst the Shire had no CDO.

- Increase standpipe water expenditure by \$11,943 based on actual expenditure as at 10 November 2021.
- Increase \$6,000 to Postage & Freight charges as actuals are running significantly higher than budgeted.

Overall reduction in operating expenditure through the budget review is \$6,857 as per note 4.

It should be noted that the insurance expenditure account 14609 listed on page 72 is currently showing the majority of Council's insurance expenses. This account has since been reallocated against the appropriate insurance accounts across the schedules as would be expected/budgeted. This reallocation occurred in October and is currently showing a balance of \$29,014 which is slightly under budget.

### **Depreciation**

During the 2020/2021 financial year the Shire undertook a revaluation of all Council owned land, buildings, and other infrastructure. During the preparation of the Annual Financial Statements, it was found that there were various misallocations of depreciation expenditure to general ledger accounts and that some assets that should have had a residual value against them did not. These findings had not been included in the original budget as they were found after budget adoption so have been included in this budget review to give Council a more accurate representation of depreciation at program level.

Currently not all depreciation up to 30 September has been allocated as the normal practice is to wait until the adoption of the year end financials in case there are any changes to asset values.

A more in depth review of depreciation rates is programmed to be carried out during 2021/2022 financial year.

### **Capital Expenditure**

#### **LRCIP Phase 2**

Sport Precinct Clubhouse Project will likely go overbudget – please see Agenda Item 11.1.4 for full background. \$30,000 of extra funds have been allocated to this project to cover cost escalations – this aligns to operational income increase by way of Golf/Bowling Club Contribution.

#### **Building Renewals**

Doctor's Surgery – The doctor has already replaced the carpets at the surgery and has asked for a 50% contribution from the Shire. The facility is also in need of painting. Carpet replacement and repainting added @ \$20,000.

Staff Housing – The Shire originally budgeted \$20,000 for staff housing renewal capital works, the Shire's leading hand town has since left the Shire and the White Ave house he vacated has not received any significant works for over 7 years. As such the house needs painting, new flooring and curtain replacement. It is predicted that an additional \$10,000 is needed to carry out these works based on current market quotes.

Other Housing – New air conditioning required at Dreghorn Street Units and Yewers Avenue house

\$20,000. These air conditioners have needed to be replaced for the past couple of years and are breaking down on a regular basis.

Shire Administration – New blinds needed on the front windows as the current ones are damaged/broken in parts and do not set the right image for the Shire's front of house. Current market quotes suggest \$8,000 will be sufficient to cover these works.

Overall increase in capital expenditure through the budget review of \$88,000 as per note 4.

A list of all capital projects included in the original budget and those that are part of this budget review are listed on page 10 and 11.

### Final Position

With the budget review movements presented in Attachment 1 the Shire's end of year closing position is expected to improve from a balanced budget to a \$6,007 surplus.

The Shire will undertake the required midyear budget review in February based on 31 December 2021 financials with a report to be presented to Council in March 2022

### LEVEL OF SIGNIFICANCE

High – Sound financial management is the cornerstone of a well run organisation and the proposed amendments will allow council to continue to renew assets and manage expenditure in line with strategic goals.

### LEGISLATION AND POLICY CONSIDERATIONS

*Local Government Act 1995*

*6.8 Expenditure from municipal fund not included in Annual Budget*

*(1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure —*

*a) is incurred in a financial year before the adoption of the annual budget by the local government; or*

*b) is authorised in advance by resolution\*; or*

*c) is authorised in advance by the mayor or president in an emergency.*

*\* Absolute majority required.*

*(1a) In subsection (1) — additional purpose means a purpose for which no expenditure estimate is included in the local government's annual budget.*

*(2) Where expenditure has been incurred by a local government —*

*(a) pursuant to subsection (1)(a), it is to be included in the annual budget for that financial year; and*

*(b) pursuant to subsection (1)(c), it is to be reported to the next ordinary meeting of the council.*

*Local Government (Financial Management) Regulations 1996 33A. Review of budget*

- (1) *Between 1 January and 31 March in each financial year a local government is to carry out a review of its annual budget for that year.*
- (2A) *The review of an annual budget for a financial year must —*
- (a) *consider the local government's financial performance in the period beginning on 1 July and ending no earlier than 31 December in that financial year; and*
  - (b) *consider the local government's financial position as at the date of the review; and*
  - (c) *review the outcomes for the end of that financial year that are forecast in the budget.*
- (2) *Within 30 days after a review of the annual budget of a local government is carried out it is to be submitted to the council.*
- (3) *A council is to consider a review submitted to it and is to determine\* whether or not to adopt the review, any parts of the review or any recommendations made in the review.*  
*\*Absolute majority required.*
- (4) *Within 30 days after a council has made a determination, a copy of the review and determination is to be provided to the Department."*

**FINANCIAL AND RESOURCES IMPLICATIONS**

The Shire of Morawa November 2021 Budget Review outcome is that Council is expected to have a surplus of \$6,007 at 30 June 2022. This is based on a variety of specified general ledger movements as listed in Note 5.

**RISK MANAGEMENT CONSIDERATIONS**

Reviewing budget expectations at regular intervals represent a significant risk management tool. It is designed to embed a culture of regular review into the administration and provides Council with a clear snapshot on how the Shire is progressing in more detail than standard monthly financial reporting.

**CONCLUSION**

The review has considered all operational and capital areas of council and compared 30 September actual figures to projected 30 June figures as well as incorporating known knowledge of events occurring or upcoming at the date of the review to ensure accounts are tracking in line with budget. Where changes and variations are known these changes have been incorporated to ensure that the desired financial result is achieved by Council.

The net effect of the projected income and expenditure to 30 June 2022 is that Council is expected to have a surplus of \$6,007 at year end.
