**OFFICER'S RECOMMENDATION/RESOLUTION****250309****Moved: Cr Stokes****Seconded: Cr Chadwick**

That Council directs the CEO to submit a request to the Minister for Lands to amend the Management Order over Reserve 38236 to include the following condition:

**'Power to lease (sublease or licence) for the designated purpose is granted for the whole or any portion thereof for any term not exceeding 21 years from the date of the lease subject to the approval in writing of the Minister for Lands being first obtained to each and every lease or assignment of lease, pursuant also to the provision of section 18 and section 19 of the Land Administration Act 1997.'**

***CARRIED BY SIMPLE MAJORITY 7/0***

---

**PURPOSE**

Manage the respective uses, facilities and activities within the Crown Reserve 38236.

**DETAIL**

Crown Reserve 38236 ('the Reserve') was created and vested to the Shire of Morawa in March 1983. It is located south of the Morawa townsite and is currently zoned public open space under Local Planning Scheme No.3 (Image 1). The current reserve purpose is "Truck Parking & Tourist Information Bay" with no power to lease. Given the reserve was created and vested prior to 1997, there is no documentation of the management order of this reserve only a copy of the government gazettes for the reserve creation and vesting (*Attachment 1*).

A reserve is usually placed under the care, control and management of a state government agency, local government authority or incorporated community group by way of a Management Order registered against the relevant parcels of Crown land within a reserve and endorsed on the Crown land titles.

A Management Order is a statutory right to manage and control Crown land in accordance with the Management Order granted under the LAA. They place reserves in trust with management bodies on behalf of the public and do not constitute an interest in the land.

Management Orders may contain conditions on the use and development of the reserve and may

grant the management body certain powers to deal with the land, such as the power to lease and/or licence.

In order to accommodate the request for the inclusion of power to lease (sublease or licence) it will be necessary to amend the management order over Reserve 38236.

The Department of Lands have suggested Council submit a formal request to amend the current management order. Given the adjoining reserves are for the purpose of 'primary distribution road, railways and general industry' under Town Planning Scheme No.3 the request appears appropriate, however it will be subject to the Department of Lands consideration and Ministerial approval.

Once an updated management order is granted a draft lease / licence agreement is required to be sent to the Department of Lands also requesting Ministerial approval.

## LEVEL OF SIGNIFICANCE

HIGH – Without the power to lease the Shire is unable to permit any ongoing use of the site by way of lease or licence. Such a lease of licence would enable certainty for any proposals to operate a food truck or similar service from the site.

**FINANCIAL AND RESOURCES IMPLICATIONS**

Costs to Council for managing the reserve in its current state would be met by the annual operational budget. Additional financial implications for any improvements to the reserve would need to be considered when proposed.

**FINANCIAL AND RESOURCES IMPLICATIONS**

The Shire of Morawa 2024-2025 Budget Review for the Period Ending 31 January 2025 outcome is that Council is expected to have a surplus of \$0 at 30 June 2025, ie a balanced Budget.

**RISK MANAGEMENT CONSIDERATIONS**

Reviewing budget expectations at regular intervals represent a significant risk management tool. It is designed to embed a culture of regular review into the administration and provides Council with a clear snapshot on how the Shire is progressing in more detail than standard monthly financial reporting.

**CONCLUSION**

The review has considered all operational and capital areas of council and compared year to date figures to projected 30 June figures to ensure accounts are tracking in line with budget. Where

changes and variations are known these changes have been incorporated to ensure that the desired financial result is achieved by Council.

The net effect of the projected income and expenditure to 30 June 2025 is that Council is expected to have a break even balanced Budget.
